

BRIEF BIOGRAPHY

Dimokritos A. Panagiotopoulos

Dimokritos A. Panagiotopoulos was born and raised in Thessaloniki, Greece, in March 1960. He received the Diploma degree in Electrical Engineering from the University of Patras, Greece, in 1982 and the M.Sc. and Ph.D. degrees in Electrical Engineering from the University of Maryland, College Park, in 1983 and 1988 respectively. While he was a graduate student at the University of Maryland, he was also on the teaching faculty and for a non-overlapping period of 1½ year he was a research assistant. Upon completion of his graduate studies, he returned to Greece where he joined the army for mandatory training and service. From 1991 to 1996 he was a senior lecturer at the City College in Thessaloniki and from 1996 to 2000 he was a lecturer in the Department of Information Technology and the Department of Automation at the Technological and Educational Institute of Thessaloniki. Also, from 1991 to 2000 he was a freelance Electrical Engineer. Since 2000 he is a professor in the Department of Industrial Design Engineering at the Technological and Educational Institute of West Macedonia. Currently, following the merging of the Industrial Design and the Mechanical Engineering Departments, he is a professor in the new Department of Mechanical Engineering and Industrial Design. His research interests include Artificial Neural Networks, Autonomous Mental Development in robotic systems, Computer Architectures and Very Large Scale Integration (VLSI). He has published 14 scientific articles in international journals and international conferences and he also holds one patent. He has served as a reviewer in the scientific journals of *IEEE Transactions on Circuits and Systems*, *IEEE Transactions on Neural Networks and Learning Systems*, *Neurocomputing* and also in the international conferences *IEEE International Symposium on Circuits and Systems (ISCAS)*, *“International Conference on Artificial Neural Networks (ICANN)*, *IEEE Symposium Series on Computational Intelligence (SSCI)* *International Joint Conference on Neural Networks (IJCNN)*. Dr. Panagiotopoulos is a member of the IEEE, the Technical Chamber of Greece, and the Sigma Xi society.
